BLECTERN

LECTERN WITH AMPLIFIER

Lectern with built in 60 Watt amplifier and speakers

Education: Assemblies, Parents Meetings. The lectern can be moved from room to room and only requires a mains lead to be connected.

Hotels: The portability of the Lectern makes this an ideal sound system for Hotel conference facilities. The Lectern is easy to set up and is a good revenue earner for the Hotel.

Corporate: Used in meetings and presentations where amplification is required and there is no access to installed equipment.

Other users and uses are: Community Centres, Clubs and Associations, Exhibition and Trade Fairs, Sporting Events and also Advertising and Sales Promotions.

This lectern contains a gooseneck microphone & gooseneck reading lamp. The 60W internal amplifier can be used for the internal speakers or for any external speakers.
